

Dear People in Power,

My name is Grisel Brave and I'm a mother of 4 and I'm an undocumented immigrant. Two of my children are American born and the other two are not. I'm a single mother and I'm the only person my children have to care for them. I went to school to become a teacher but because of my immigration status, I haven't been able to find a job as a Teacher or any other professional job. Therefore, I have been struggling to find a job that pays well enough to support my 4 children. Despite my limitations, I manage to be a good provider and consider myself to be a very good mother to my children.

If I were one of those people that have gone out to work and detained for no other reason than they look immigrant and subsequently deported, my children would suffer a great deal. CT is their home and they know no better. My children were not asked to be brought here and therefore I ask you to help me protect their well-being by supporting the revised TRUST ACT, HB 7039.

Thanks,

Grisel Bravo
